

# WHY SHOULD YOU BECOME A DELEGATE?

## NETWORKING AND SUPPORT

Being a graduate student is hard. It is important to come together as a community. You will meet other graduate students going through similar experiences. And you will be able to meet people inside and outside your field.

## DIVERSE OPTIONS

GSC has different job options. You can represent your department of grad students. You can help with public relations. Or you can even help with events!

## CREATE CHANGE

You can create change with projects that matter to you. Stress-management? Financial services? What issues are important to you?
